

Safety Data Sheet

1. Product and Company Identification

Company Name:	ENDRUST AUSTRALIA 23b Fairbrother Street, Belmont. WA 6104 info@endrust.com.au
Contact:	Endrust (08) 9325 1399 Poisons Information Centre 13 11 26

Product Name:	ENDRUST® ULTRAGLOSS
Other Names:	UltraGloss RustGuard
Product Code:	ULTRGLOSS
Intended Use:	Automotive Wash
Chemical Nature:	Mixture

2. Hazards Identification

Hazard Classification:	Classified as non hazardous according to criteria of NOHSC.
GHS Classification:	Not Applicable
GHS Signal Word:	Not Applicable
Hazard Statement:	Not Applicable
Precautionary Statements:	None Known

3. Composition / Information on Ingredients

Ingredients Name	Cas Number	Proportion (%)
Anionic surfactants	not available	10-30%
Non-ionic surfactants	not available	<10%
Inorganic sequestering agents	not available	<10%
Water		>50%

4. First aid Measures

Eye Contact:	Immediately hold eyelids apart and flush the eye continuously with running water. Ensure complete irrigation of the eye by keeping eyelids apart and away from the eye and moving the eyelids by occasionally lifting the upper and lower lids. Continue flushing until advised to stop by the Poisons Information Centre or a doctor, or for at least 15 minutes Transport to hospital or doctor without delay. Removal of contact lenses after an eye injury should only be undertaken by skilled personnel.
Skin Contact:	Immediately remove all contaminated clothing, including footwear. Flush skin and hair with running water. (and soap if available). Seek medical attention in event of irritation.

Safety Data Sheet

Inhalation:	<p>If fumes or combustion products are inhaled remove from contaminated area. Lay patient down. Keep warm and rested.</p> <p>Prostheses such as false teeth, which may block airway, should be removed, where possible, prior to initiating first aid procedures.</p> <p>Apply artificial respiration if not breathing, preferably with a demand valve resuscitator, bag valve mask device or pocket mask as trained. Perform CPR if necessary.</p> <p>Transport to hospital or doctor.</p>
Ingestion:	<p>For advice, contact Poisons Information Centre or a doctor at once.</p> <p>Urgent hospital treatment is likely to be needed. If swallowed do NOT induce vomiting.</p> <p>If vomiting occurs, lean patient forward or place on left side (head down position if possible) to maintain open airway and prevent aspiration.</p> <p>Observe the patient carefully.</p> <p>Never give liquid to a person showing signs of being sleepy or with reduced awareness; i.e. becoming unconscious.</p> <p>Give water to rinse mouth, then provide liquid slowly and as much as casualty can comfortably drink</p> <p>Transport to hospital or doctor without delay.</p>

5. Fire Fighting Measures

Suitable Extinguishing Media:	Regular Foam, Waterfog, Carbon Dioxide, or Dry Chemical
Specific Hazards arising from the Chemical:	This product is not a combustible liquid.
Special protective equipment for fire fighters:	Use personal protective equipment.
Hazardous decomposition:	Oxides of carbon.
Special Fire Fighting Procedures:	Clear fire area of personnel. Do not enter confined fire area without full bunker gear and positive pressure breathing apparatus. Spills will be slippery.

6. Accidental Release Measures

Minor Spills:	<p>Slippery when spilt.</p> <p>Clean up all spills immediately.</p> <p>Avoid breathing vapours and contact with skin and eyes.</p> <p>Control personal contact with the substance, by using protective equipment</p>
Major Spills:	<p>Slippery when spilt.</p> <p>Clear area of personnel and move upwind.</p> <p>Alert Fire Brigade and tell them location and nature of hazard. Wear full body protective clothing with breathing apparatus</p>

7. Handling and Storage

Precautions for safe handling:	<p>Avoid all personal contact, including inhalation.</p> <p>Wear protective clothing when risk of exposure occurs.</p> <p>Do NOT allow clothing wet with material to stay in contact with skin.</p>
Conditions for safe storage:	<p>Store in original containers.</p> <p>Keep containers securely sealed.</p> <p>Store in a cool, dry, well-ventilated area.</p> <p>Store away from incompatible materials and foodstuff containers. Avoid contact with strong acids, acid chlorides, and acid anhydrides.</p>

Safety Data Sheet

8. Exposure Controls and Personal Protection

Engineering Controls:	Good general ventilation should be sufficient to control workers' exposure to airborne contamination.
Individual Protection Measures:	
Eye and face protection:	Safety Glasses with side shields or as required.
Skin protection:	PVC Gloves. Safety footwear or gum boots.

9. Physical and Chemical Properties

Appearance:	Viscous Liquid	Specific Gravity	1.05
Odour:	Sweet	Vapour Pressure:	N/A
Colour:	Pink/Orange	Volatiles:	N/A
pH:	7.5 typically	Vapour Density:	No data available
Boiling Point:	N/A	Solubility:	100%
Flash Point	N/A	Evaporation Rate:	<=Water

10. Stability And Reactivity

Chemical Stability:	The product is stable.
Possibility of hazardous reactions	Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to avoid:	None known.
Incompatible materials:	None known.
Hazardous Decomposition products:	Carbon oxides.

11. Toxicological Information

Information on likely routines of Exposure	Inhalation, eye contact, skin contact.
Inhaled:	There is some evidence to suggest that the material can cause respiratory irritation in some persons. The body's response to such irritation can cause further lung damage.
Ingestion:	Accidental ingestion of the material may be damaging to the health of the individual.
Skin Contact:	Health injuries are not known or expected under normal use (as classified under EC Directives); the material may still produce health damage following entry through wounds, lesions or abrasions. There is some evidence to suggest that this material can cause inflammation of the skin on contact in some persons. Open cuts abraded or irritated skin should not be exposed to this material. Entry into the bloodstream, through, for example, cuts, abrasions or lesions, may produce systemic injury with harmful effects. Examine the skin prior to use and ensure that any external damage is suitably protected.
Eye:	Can cause eye irritation and damage in some persons.
Chronic Exposure:	Health injuries are not known or expected under normal use.

Toxicity

Acute Oral Toxicity:	No data available.
Acute Inhalation Toxicity:	No data available.

Safety Data Sheet

Acute Dermal Toxicity:	No data available.
Skin corrosion/irritation:	No data available.
Serious Eye Damage/Irritation:	No data available.
Respiratory or skin sensitization:	No data available.

Carcinogenicity

IARC:	No data available.
OSHA:	No data available.
NTP:	No data available.

12. Ecological Information

Ecological Tests:	No data available.
Environmental Impact:	Do NOT discharge into sewer or waterways.

13 Disposal Considerations

Ecological Tests:	No data available.
Environmental Impact:	DO NOT discharge into sewer or waterways.

14. Transport Information

UN number:	This product is not classified as a Dangerous Good by ADG, IATA or IMDG/IMSBC criteria. No special transport conditions are necessary unless required by other regulations.
------------	--

15. Regulatory Information

AICS:	All of the significant ingredients in this product are compliant with NICNAS regulations. Special transport conditions are necessary unless required by other regulations.
-------	---

16. Other Information

General:

Safety Data Sheets are updated frequently. Please ensure that you have a current copy. This SDS summarises at the date of issue our best knowledge of the health and safety hazard information of the product, and in particular, how to safely handle and use the product in the workplace.

Since we cannot anticipate or control the conditions under which this product may be used or handled, each user must, prior to using or handling this product, review this SDS in the context of how the user intends to handle and use the product in the workplace.
